# Stay Connected

*Dear Parents,*

*At JDN we want to be cooperative neighbors in the community. Recently, several of our neighbors have come to JDN to ask that our parents not park on their pavements. Secondly, to be mindful of the speed limits and small children in the area while you are dropping off or picking up your children from Jenkintown Day Nursery.*

*A bright green colored alert was printed and given to all parents. Let's cooperate with our neighbors to avoid any of our children or neighborhood children getting hurt.*

*nt to be a nuisance to the community.*

*ance for your cooperation in this matter.*

*Kim Jones, Executive Director*

# Highlights

## Room 5's Highlights

What a month October has been! The Eagles have done so well with our classroom book club. They have learned terms such as character (s), fiction and non-fiction and Title. We have concluded our first month with scrumptious gift card rewards. Keep up the great work Eagles your teachers are so proud of you. For the month of November the Eagles will be learning to tie their shoe laces and have done a terrific job thus far. The entire month of November will be based on family . Our science activities will be participating in baking activities. We will continue to learn to spell our last names while constructing our letters correctly with lower case after capital. We will continue to do Yoga and other gross motor activities to help us with strength, stamina and balance. For art the Eagles have wed gold foil, diffusion paper and black color magic paper. Who knows what we'll be using in November.
